Special features

- 38 **Perspective: Not your typical railway** by Christopher D'Amato
In rural Ontario there is a one-of-a-kind, wide-gauge, cable railway that was built to haul boats.
- 40 **The Tuscarora & Kuehn Creek** by Chris Comport
What it lacks in size, this 6 × 10-foot, ¼" scale layout makes up for with plenty of detail. Take a look!
- 54 **Inside the enginehouse** by Steve Kay
A bicycle trip down to the Lackawanna Terminal's enginehouse in the late-1970's yields a view of locomotives in various stages of repair.

Modeling

- 45 **Letterbashing** by Bill Gill
Signs on model structures can help to set a time and place. Here's how you can use computer fonts to make signs for your layout.
- 48 **When good engines go bad** by Scott Lupia
Using a Walthers model of an EMD 567 engine, a Life-Like Proto-2000 GP7 minus its motor and a Keystone Locomotive Works cab interior, the author set about to model a broken-down Geep with its access doors open.
- 66 **Quarry critter** by Montford Switzer
A static model helps to create a realistic looking quarry scene.
- 68 **RMC/Dremel Kitbashing Award: Kitbashing a PFE R-40-2-18 reefer** by Dave Bayless
An old Train Miniatures kit comes out of the closet and gets a host of new details, turning it into this month's award winner.
- 75 **Modeling a cabbage patch** by Ray Meyer
Looking to spice up a farm scene on your layout? Why not add a cabbage patch?
- 76 **Scratchbuilder's Corner: Metal working: V** by Bob Walker
This month we look at modeling with a milling machine.

Prototype

- 56 **Modeling the sugar beet industry** by Richard Wehr
Sugar refining plants generated a lot of rail traffic.
- 78 **Front of the layout vignettes: No. 16, American small businesses: Farm implements, manufacturers and dealers; Pt. III** by David Lambert
We continue our look at early twentieth century farm implements.

Cover

It's a hot August day in the late 1970's and Lackawanna Terminal No. 5887, a former Penn Central GP7, is in the railroad's Scranton enginehouse. Judging by the open engine compartment doors, the Geep is undergoing major repairs. This HO scale scene was modeled and photographed by Scott Lupia. For more see pages 48-55.

RAILROAD MODEL CRAFTSMAN (ISSN 003877X) is published monthly by Carstens Publications, Inc., 108 Phil Hardin Rd., Fredon Township, P.O. Box 700, Newton, New Jersey 07860. Phone 973/383-3355.
